

### **Letters:**

## **Comparison of Intramuscular and Intravaginal Progesterone for Luteal Phase Support in IVF Cycles: a randomized clinical trial**

Sir

In the method section in their article Berjis et al. mentioned that the vaginal suppository of Cyclogest is produced by Ferring Pharmaceuticals which is found in hard copies of the article. As the official agent of Actavis Group in Iran we would like to ask you to amend this mistake in your online publication as following: (Actavis Group, Iceland) instead of (Ferring pharmaceuticals, Germany)

Majid Zahedi- M.D.  
Team supervisor of Gyn & Ped

## **Comparison of Intramuscular and Intravaginal Progesterone for Luteal Phase Support in IVF Cycles: a randomized clinical trial Sir**

Sir

In the method section in our article it is mentioned that the vaginal suppository of Cyclogest is produced by Ferring Pharmaceuticals which accordingly was published in hard copies of the article.

Hereby we would like to ask you to revise this mistake as following: (Actavis Group, Iceland) instead of (Ferring pharmaceuticals, Germany)

Katayon Berjis- M.D.
